PROFESSIONAL SUMMARY

I am a Business Statistics student at University of Economics Ho Chi Minh City (UEH), skilled in Excel, Power BI, SQL, and R. I consistently transform complex datasets into actionable business recommendations, demonstrated through impactful academic research and practical projects. I am driven by an analytical mindset and a passion for leveraging data to solve challenging business problems.

DATA ANALYTICS PROJECTS

[SQL Data Warehouse Project] | [Link](#) |

(April 2025 – Present)

Engineered end-to-end SQL Data Warehouse implementing ETL processes from simulated CRM/ERP sources and designed multi-layer architecture (Bronze, Silver, Gold) and Star Schema, enabling consolidated reporting on sales trends, customer patterns, and KPIs for data-driven decision-making. **Tools:** Excel, SQL Server, ETL Principles, Data Modeling, Draw.io.

[Hoa Tho Brand Positioning & Identity Analysis] | [Link](#) |

(April 2025 – May 2025)

Analyzed survey data (Excel, SPSS) to evaluate brand health against competitors. Besides that, developed interactive Power BI dashboards with demographic drilldowns, synthesizing insights into strategic recommendations for brand, positioning, and communication. **Tools:** Excel, SPSS, PowerBI, Data Modeling, DAX calculation, Data Visualization.

[Walmart E-commerce Dashboard] | [Link](#) |

(March 2025 – April 2025)

Built Power BI dashboards transforming e-commerce data and calculating key metrics (Profit Margin, YoY Growth, Return Rate) to deliver insights supporting sales optimization, category management, and root cause analysis of product returns.

Tools: Excel, PowerBI, DAX, Power Query, Data Visualization.

[Hospital Emergency Room Dashboard] | [Link](#) |

(November 2024 – December 2024)

Developed Power BI dashboards analyzing ER KPIs, using DAX for calculations. Provided actionable insights for optimizing staffing, patient throughput, and resource allocation. **Tools:** Excel, Power BI, DAX, Data Visualization

ACADEMIC RESEARCH: Led and co-authored 5+ research projects applying advanced econometrics, statistical modeling, and survey data analysis. **Awards:** Three “B” prizes UEH Young Researcher Awards ([2024](#), 2025); Presented at National Scientific Conferences (2025) and International Conference (RTD [2024](#)), National Olympic Econometrics (Ongoing).

TECHNICAL SKILLS: Technical Skills: SQL (Querying, Manipulation, Aggregation), Excel (Pivot Tables, Functions, Cleaning), Power BI (Dashboards, DAX, Power Query, Modeling), R (Data Manipulation, Econometric Modeling, Visualization)

SOFT SKILLS: Analytical and critical thinking, communication, attention to detail, organization and time management, adaptability and willingness to learn, good teamwork.

EDUCATION & CERTIFICATIONS

- **Bachelor’s degree** – University of Economics Ho Chi Minh city (Expected: 2026)
- **Relevant Certifications & Competiton:**

Current GPA: 3.54/4.0

- Google Data Analytics Professional Certificate by Coursera [[Certificate](#)]
- Google Business Intelligence Certificate by Coursera [[Certificate](#)]
- TOEIC: 725/990 by IIG
- International Quant Championship (2024) by WorldQuant Brain
 - + Achieved Gold Level in WorldQuant Challenge. [[Certificate](#)]
 - + Ranked 1st place in the University Round. [[Certificate](#)]

(26 March 2025)

(05 February 2025)

EXTRACURRICULAR ACTIVITIES

- **Technology Team Member, UEH TDC:** Promoted digital transformation initiatives and tech workshops. (2022-2023)
- **Professional Board Member, UEH Young Economic Research Club (YORE)** (2022-2023)
Organized academic competitions focused on economic research and analysis.
